DNA testing is mandatory for all Breeding Stallions effective 2019. DNA profiles from other Registries that do not use the U.C. Davis Lab may be transferred through ADHHA to the U.C. Davis Lab using this form. Effective 2020, all foals must be DNA profiled at the time of Registration. We highly encourage, on a voluntary basis, all horses especially mares be DNA profiled to get to full parentage verification. Please allow three weeks from the time the lab receives your samples for ADHHA to receive the report. **Attach a copy of original Registration papers.**
